OUR STORY

Friends is an outcome of a fairly simple desire of two nutty people wanting to work for themselves.

LIFE LESSON #1 - a bad day working for yourself is better than a good day working for someone else...

Along the way, we realized that it is more difficult than we initially thought. But, it's a good thing we found that out later than earlier, otherwise we might not have done it.

LIFE LESSON #2 - being ignorant and not knowing it is better than being ignorant and knowing it...

We hope that you like Friends. What drives us every day is our customers recognition of whether we have done a good job. We are committed to doing our best and continue to improve every day.

LIFE LESSON #3 - winners never quit and quitters never win...
