# OUR Friends STORY

Friends is the result of a simple desire of 2 independent and motivated people wanting to work for themselves. All along, we knew that having our own business was our American Dream. As we progressed in our little business, we realized how much more difficult this was than we initially thought. Later on, we were glad that we were so ignorant about this, otherwise we may have never started Friends. You know the story... Ignorance is Bliss!

Through time we have supported our community in a number of ways. For 7 years now with our fundraiser Ansley's Easter, we have helped a family that has a child suffering with cancer. We also support a number of local events, fundraisers as well as schools and teams. We buy as much product as we can locally - even if we have to pay more sometimes. And since opening in 2010, we have developed relationships with our local vendors, such as our payroll company, food distributor, linen company, knife sharpening company, repair guy, and numerous others. We believe in hard work and doing whatever it takes to satisfy our customers. And we are very serious about that. We truly hope that we meet or exceed your expectations. Thank you for choosing Friends - your hometown grill and bar.
