

# Our Story

For years, we longed to work for ourselves. Finally, one day, I quit my job... and somehow, Ray got himself fired from a job he hated! We thought it must be a sign from God that we should launch our "American Dream". So, off we went, and Friends was born.

I bartended and Ray cooked. We ate at Friends VERY frequently - mostly because we were broke! We persisted - because we knew that if we failed it was back to the old corporate grind.

Now, years later, we have what any parent can only dream of. We have built a business where our children all now work for Friends.

As I cry while I write this, my heart runneth over with emotion. Remembering the long nights, the fear, the struggles, the hopes, the nightmares.... And, oh.... the fights. ha-ha-ha... Working not only with your significant other, but now with all the kids..... Oh Dear!

Treading that line between Mom and Dad and Boss has been a daily struggle. It takes parenting and patience to a whole nother level. 😊

But, we find ourselves the luckiest people in the world. Life is good and I know my kids are safe with a solid future in this crazy world. And they have something they can now call their own.

While we never wanted to go back to our corporate days, they were not a total waste either. We learned WHAT NOT TO DO. And that is to not hide from our customers. My cell number is 678.371.8888 and my email is BadLilSusie@aim.com. Ray's cell number is 678.517.0430 and his email is RayStanjevich@yahoo.com. If you ever need to contact us for anything, PLEASE DO! We are always available, and will actually answer our phone!

We hope that, one day, it will be our kids names and phone numbers on our menus.

Thank you for choosing to eat at your neighborhood Friends Grill. We truly appreciate your support and value your business.

# Football & Wings

Deep fried chicken wings have long been a staple of Southern Cooking.

But, the rise of the chicken wing and its connection to American football all had to do with timing. Cooking the whole bird was trendy in the 60's and 70's, but in the 80's the US consumers started preferring boneless-skinless breast meat. And, so, wings became an inexpensive byproduct for chicken producers. Restaurants and bars realized they could charge low prices for the relatively inexpensive protein. And due to the spicy/salty nature of Buffalo sauce, they also discovered that beer sales would go through the roof when customers ate wings.

What used to be an inexpensive byproduct, has now become an entire industry. Chicken Wings now sell for a premium compared to boneless-skinless chicken breast. And this year alone, Americans will eat 1.5 BILLION chicken wings for the Super Bowl.
